

Date: June 17, 2021
To: Planholders of SP 42-070-012 DURABLE PAVEMENT MARKINGS
Subject: Addendum No. 1

Dear Planholders,

Please take notice of the following addendum to the epoxy striping project bidding on Tuesday, June 22nd at 10:00 am.

Thickness requirements have been added to the Division S of the Proposal:

S-31 (2582) PAVEMENT MARKINGS

MnDOT Specification 2582.3 B.4 is removed and replaced with the following:

2582.3 CONSTRUCTION REQUIREMENTS

B.4 Thickness Requirements

For MULTI COMP markings, apply the multi-component liquid marking **over existing pavement marking** with a wet-film thickness of at least **15 mil**.

Also, please find the PDF copy of the Schedule of Prices attached to this addendum to submit your bid. Include the Schedule of Prices with all the documents submitted as required in S-12.

Lyon County will be notified of email receipt of this addendum through eGram. Don't forget to acknowledge Addendum No. 1 on the back cover of the proposal (Form 21126D).

Please call our office at 507-532-8205 if you have any questions concerning this Addendum.
